

Pipettor tips, barrier, ART®

03

S

Ideal for critical use such as PCR*, sequencing, loading gels, handling infectious samples and pipetting radioactive isotopes.

- Patented ART® self sealing barrier prevents aerosol and liquid contamination
- MicroPoint™ design for accurate and precise volume delivery
- Over 20 styles for every pipetting need
- Engineered to draw the full volume of the pipettor
- Extensive quality-control testing and inspection

ART® tips completely block the passage of aqueous based liquids and aerosols from the sample to pipettor and protect the pipetting device from any possible contamination that could carry over and compromise future samples.

ART® tips are packaged in three ways:

Racked: pre-sterilised, certified RNase, DNase, and pyrogen free

Bulk: non-sterile, non-autoclavable

Individually wrapped: pre-sterilised

ART® 10 MicroPoint™ design makes this tip ideal for low level pipetting

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-701-010Q	2139	0.1 to 10	Racked	96	960
PQP-701-030K	2139B	0.1 to 10	Bulk	-	1,000

ART® 10 Reach extended tip length prevents contamination of samples, tubes and pipettors

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-703-010E	2140	0.1 to 10	Racked	96	960
PQP-703-030V	2140B	0.1 to 10	Bulk	-	1,000
PQP-703-050P	2140IW	0.1 to 10	Individually wrapped	1	500

ART® 10F features MicroPoint™ design for Finnpiquette®

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-705-010P	2139F	0.5 to 10	Racked	96	960

ART® 20E Ultramicro style is perfect for working with low volume samples

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-707-010D	2149E	0.5 to 10	Racked	96	960
PQP-707-030U	2149EB	0.5 to 10	Bulk	-	1,000

ART® 20 Ultramicro style for the Eppendorf® Reference® series

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-709-010X	2149	0.5 to 20	Racked	96	960

ART® 20P low volume tip with a 10µL reference mark and MicroPoint™ design

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-713-010U	2149P	0.5 to 20	Racked	96	960
PQP-713-030X	2149PB	0.5 to 20	Bulk	-	1,000
PQP-713-050Y	2149PIW	0.5 to 20	Individually wrapped	1	500

ART® 100 moulded with reference marks at 10µL, 50µL and 100µL

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-715-010Y	2065	1 to 100	Racked	96	960
PQP-715-030C	2065B	1 to 100	Bulk	-	1,000

ART® 100E universal design for a variety of 100µL pipettors

Catalogue No	Alt. No	Volume range, µL	Pack type	Inner pack qty	Pack qty
PQP-717-010T	2065E	1 to 100	Racked	96	960
PQP-717-030N	2065EB	1 to 100	Bulk	-	1,000
